Re: 2014 Manitoba Woman Entrepreneur of the Year Awards

Dear Award Judges,

It gives me great pleasure to provide a letter of reference for Faye Fossay of F3 Designs.

I've worked with Faye since 2006, when she created an innovative website for my business, Sarilia Country Estates. From the beginning, I noticed her excellent relationship building and communication skills. Although we've never met face to face (we're separated by almost 800 km) we've developed a strong rapport.

It's clear that Faye is passionate about what she does. She's resourceful, enthusiastic, and she stays on top of the latest developments in web design. As a busy business owner, I can't stress enough how much I appreciate that she always responds in a timely manner. She has a keen attention to detail, she explains things in plain language, and she's a joy to work with.

Faye truly understands my business. She has a solid grasp of what my goals are, and she offers tailored, creative solutions that have helped make Sarilia successful. Faye and I are currently in the process of launching a new website design and I'm confident that her skills and intuitive nature will create another fresh, user-friendly design that provides a positive first impression of my business to potential clients.

I never hesitate to recommend Faye to others, and it's without hesitation that I show my support for her well-deserved nomination for the 2014 Woman Entrepreneur of the Year Award.

Sincerely,

Gwen Lepage
Owner & Developer
Sarilia Country Estates
